"HELPING CHILDREN BLOSSOM FROM ROOTS TO WINGS"

ANNOUNCING

a new

Two Wishes Child Care program

to bridge and support families!

Bring in self-addressed stamped envelopes to Two Wishes Child Care and place them in the “for caregiver” section of your mail folder. You can have as many envelopes as will fit (and as many different addresses as you want)! As we paint, color, draw, and do other art projects, we will mail off the “signed” and dated artwork to your loved ones so that they can proudly display your little Picasso’s work on their fridge.

9”x12” envelopes work best if you don’t want the sheets creased. Each 9x12 envelope should have two stamps on it to ensure it is delivered safely! This will allow us to send out up to 1 ounce of weight. Stick a couple 21¢ stamps in the folder and we’ll add them if we need them!

DID YOU KNOW?

If you write the address in the wrong orientation, it costs more money! Lay your 9” x 12” envelope so that it is wider than it is tall (just like the picture above!).
